Education Day

Wednesday 23rd September | 10:00-16:00 | MS Teams

We are delighted to invite you to our Sickle Cell Education Day 2026, an informative and engaging day dedicated to sickle cell care and wellbeing.

What to Expect?

SCAN ME

Morning Sessions

Focused on newborn, infant and children's health, covering topics relevant to young people living with sickle cell and their families.

Midday Session

Interactive discussions and presentations relevant to both children and adults, offering valuable insights for all attendees.

Afternoon Session

Dedicated to adult-focused topics, addressing the challenges, experiences and healthcare needs of adults living with sickle cell.

Patient, Carers, Families and Health Care Professionals all welcomed

A Day Of:

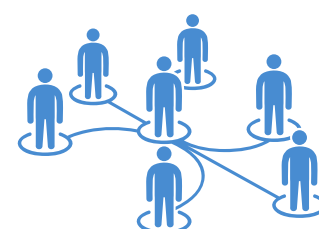

Collaboration

Share experiences and learn from each other to improve care

Awareness

Raising awareness together

Connection

Build networks and strengthen community relationships

Education

Presentations from patients, medical experts and specialist welfare advisers
